## New JM TPO Safety Walkpad

We are excited to announce a new JM TPO Safety Walkpad product offering available immediately. This new safety walkpad product incorporates a vibrant safety yellow compound throughout the roll to enhance awareness in areas of caution or emphasize potential hazards on the rooftop. The highly textured surface provides improved underfoot traction for improved safety when walking across the roof surface. This new offering replaces SKU 70005045 that was discontinued due to supply chain challenges.

### New Product Information:

JM TPO Safety Walkpad

Color: Yellow

SKU: 90036679

Size: 30 inches wide x 50 feet long

Weight/Roll: 58 lbs

Rolls/Pallet: 16

Our new walkpad is produced in Scottsboro, AL and will be stocked at varying levels in Hazleton, PA, Hillsboro, TX, Lathrop, CA and Scottsboro, AL. View the full data sheet [here](#).

Installation of this new safety walkpad is identical to the standard grey JM TPO Walkpad. Please refer to applicator guides and detail drawings for specific instructions.

Thank you for your continued support of JM products and services, please reach out to your JM representative with any questions.
