Announcing JM Single Ply Membrane Primer (Low VOC)

Our current JM TPO Membrane Primer (Low VOC) and JM EPDM Tape Primer (Low VOC) will now be offered as JM Single Ply Membrane Primer (Low VOC).

The JM Single Ply Membrane Primer (Low VOC) offers:

- Better visual indication of primed areas
- Improved tack-back performance
- Tacky, more adhesive-like, feel

In addition to improved performance with JM EPDM, utilizing the JM Single Ply Membrane Primer (Low VOC) for both TPO and EPDM will consolidate stocking and enhance flexibility.

Material ID	Description	Stocking Locations	Notes
70004470 (Replaces 70000758)	6 - 1 gallon cans per case	Hazle Township, PA Milan, OH	Not for PVC
70000744	3 gallon can	Hazle Township, PA: Milan, OH; Scottsboro, AL Tracy, CA	Same ID, new name. Not for PVC

Please visit www.jm.com/roofing for further information about the JM Single Ply Membrane Primer (Low VOC).
