## **PermaFlash<sup>®</sup> Complete Kit Replacing PermaFlash Kit**

Johns Manville is pleased to provide our customers with a new product kit that contains everything needed to complete the PermaFlash Bituminous Flashing System. The PermaFlash Complete Kit coverage rate is approximately 20 square feet or approximately ten penetrations.

The new PermaFlash Complete Kit will contain the following:

4 – 28.7-oz cartridges (now included)

1 roll – 12" w x 20' scrim

1 – 32-oz bottle of primer

The new kit will be available in the following locations:

PA - Hazle Township

GA - Macon

OK - Oklahoma City

CA - South Gate and Tracy

Please note that the material number 70000663 for the old PermaFlash Kit will be discontinued when inventory levels are depleted. The material number for the new PermaFlash Complete Kit is 70004152.

Remember on JM guaranteed systems, flashings are eligible for inclusion in the JM Peak Advantage<sup>®</sup> Guarantee when flashed with the PermaFlash Bituminous Flashing System.

Thank you for your continued support of Johns Manville.
