Effective: April 1, 2014

Johns Manville Roofing Price Increase

Due to continued increases in raw materials associated with our Polyisocyanurate products, Johns Manville is finding it necessary to announce an additional increase on all Polyiso products.

The following price increases will be effective April 1st, 2014:

All Polyiso Roofing Insulation products - 5%
Invinsa® & Invinsa® FR products - \$1/square

All orders must be received by March 10th and be scheduled to ship by March 31st based on available material and shipping capability to guarantee pre-increase pricing. The new price will be applied to all shipments on or after the effective increase date regardless of order placement date. Existing quotes will be honored but extensions will not be granted.

Thank you for your continued support.

Terry Faas
Director of Commercial Operations
