Johns Manville Price Increase – Canada

Johns Manville has been absorbing cost increases throughout 2014 and we can no longer continue to absorb these costs. The following increases will be effective March 15, 2015:

- All Polyiso Roofing Products including Invinsa products – 5%.
- All other Johns Manville Roofing products sold in Canada – 10%

We will continue to monitor this volatile situation and should it continue, there may be additional increases in the future.

The new price will be applied to all shipments on or after the effective increase date, regardless of order placement date. Existing quotes will be honored but extensions will not be granted.

Thank you for your continued support.
