## JM Announces Pre-Taped Curb Flashing

Johns Manville is proud to introduce our new [JM EPDM Pre-Taped Curb Flashing](#). Provided with the same tape as pre-taped membrane, these flashings substantially reduce labor, eliminate a field seam at a critical area and improve aesthetics.

The pre-taped curb flashing comes in two sizes and is available now at the Milan, Ohio and Hazle Township, Pennsylvania locations.

Material ID	Description	Maximum Guarantee Length
70004384	24" x 50' (w/ 6" tape)	30 Year
70004383	18" x 50' (w/ 3" tape)	20 Year

Please visit [www.jm.com/roofing](http://www.jm.com/roofing) for further information about the new pre-taped curb flashing.
