## Announcing New Texas Department of Insurance Code Approvals

Johns Manville is proud to announce our new code approval listing with the Texas Department of Insurance. This Product Evaluation Report, ID# RC-471, lists the most commonly used systems for the following membranes over steel, concrete and plywood decks:

### JM PVC

- JM PVC & JM PVC SD Plus - Mechanically Fastened and Induction Welded Membrane
- JM PVC, JM PVC SD Plus, & JM PVC FB – Fully Adhered Membrane

### JM TPO

- JM TPO - Mechanically Fastened and Induction Welded Membrane
- JM TPO & JM TPO FB – Fully Adhered Membrane

Code summaries can be found on JM.com or by clicking on the links below:
