Johns Manville Introduces DynaBoard

Johns Manville (JM) is excited to announce the launch of DynaBoard, an asphaltic cover board that provides a high compressive strength cover board option for JM BUR, SBS, and APP roofing systems.

DynaBoard is composed of a mineral-fortified asphaltic core, sandwiched between asphalt-coated fiber glass facers, and can be installed using hot asphalt, urethane insulation adhesives, or mechanical fasteners, offering flexibility across multiple application methods. DynaBoard is available in two thicknesses, 1/8" and 1/4", with both thicknesses available in 4' x 4' and 4' x 8' board sizes.

Product	SKU
DynaBoard 1/8" 4' x 4'	70009988
DynaBoard 1/8" 4' x 8'	70009989
DynaBoard 1/4" 4' x 4'	70009990
DynaBoard 1/4" 4' x 8'	70009991

DynaBoard will be stocked in Macon, GA, allowing for streamlined shipment alongside other JM bituminous membranes and accessories.

PRODUCT ANNOUNCEMENT

Roofing Systems

717 17th St. Denver, CO 80202 (800) 922-5922
