# FEWER PAILS, MORE PROFITS

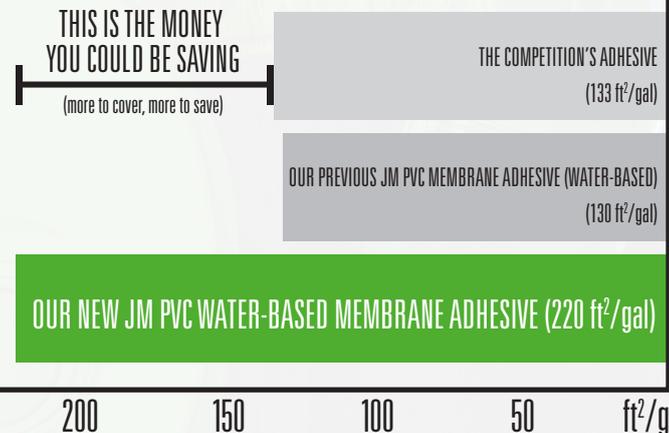

JM PVC WATER-BASED  
MEMBRANE ADHESIVE  
applies easier and goes farther  
so your dollars can too

## DO THE MATH. JM PVC ADHESIVE IS YOUR SOLUTION.

Since JM PVC adhesive spreads farther than the competitors' water-based adhesives, that means more squares per bucket and more money in your pocket.

### FOR A 50,000 ft<sup>2</sup> (500 squares) JOB:

In addition to the savings, you'll have 27 fewer pails to transport, haul up to the roof and worry about at the site.

(Savings vary based on substrate used and may be impacted by environmental factors during installation)
