

Pipe Insulation for Use Over Metric-Sized PP-R Pipe

Johns Manville manufactures pipe insulation to meet the requirements of ASTM C547 for ID, which is based on standard U.S./English pipe sizes.

For those U.S. projects that call for metric-sized pipe, we offer the conversion table below, showing pipe insulation sizes that will ensure full closure of the pipe insulation section over metric PP-R pipe.

Metric PP-R O.D. Pipe Sizes	Recommended "Best Fit" Size
20 mm	1½"
25 mm	¾"
32 mm	1"
40 mm	1¼"
50 mm	2⅛"
63 mm	2⅝"
75 mm	3⅛"
90 mm	3⅝"
110 mm	4"
125 mm	4½"
160 mm	6"
200 mm	8"
250 mm	10"
315 mm	12"
