Introducing JM Two-Part UIA – Small Canister Kits

Johns Manville is excited to announce the launch of our [Small Canister Kit for JM Two-Part UIA](#).

Small Canister Kits are ideal for small jobs, service, and repair work. They can be a great alternative to cartridges, with up to 10 SQs of coverage per box, they offer approximately twice the coverage as a case of cartridges.

Once opened, canisters are good for approximately 1 month after initial use. Follow recommended application, clean-up, and disposal guidelines provided on our data sheet.

The mini canisters come in a single, self-contained box with everything needed to apply low-rise foam!

Each kit includes:

- Part 1 & Part 2 canisters
- 10ft hose
- Gun assembly
- 4 mixing tips
- (3) 17" extension tubes
